Mr. Richard Retecki  
Project Manager  
California State Coastal Conservancy  
1330 Broadway  
11th Floor  
Oakland, CA 94612

Dear Mr. Retecki:

I am writing to express my support for the grant application submitted by the Gold Ridge Resource Conservation District (GRRCD), for Phase II of the Estero Americano Ranch Implementation Program in the Estero Americano watershed. The GRRCD has been very successful with many restoration projects, including erosion control, fencing of critical habitat, spring development, and tree planting.

It is my understanding that with this funding, the GRRCD will construct seven restoration projects on four separate properties, install 15,000 plus feet of riparian and pasture management fence, and improve on farm manure management infrastructure ready for implementation. These projects are designed to control erosion and lessen the amount of sediment entering the Estero, as well as assisting the dairies' implementation of a manure management programs.

This project will greatly benefit the 6<sup>th</sup> Congressional District and I urge you to give this application your full and careful consideration. If you have any questions or comments, please contact my Grants Coordinator, Ed Sheffield, in my Santa Rosa office at (707) 542-7182.

Sincerely,

Lynn Woolsey  
Member of Congress

Attention: Richard Retecki

Dear Richard:

I am writing to express my support for the grant application submitted by the Gold Ridge Resource Conservation District (GRRCD) for Phase II of the Estero Americano Ranch Implementation Program in the Estero Americano watershed. The GRRCD has a track record of many successful restoration projects that include erosion control, fencing of critical habitat, spring development and tree planting.

It is my understanding that with this funding, the GRRCD will construct seven restoration projects on four separate properties, install 15,000+ feet of riparian and pasture management fence, and provide on-farm manure management infrastructure ready for implementation. These projects are designed to control erosion and lessen the amount of sediment entering the Estero, as well as assisting dairies with implementation of a manure management program.

This project will greatly benefit the County of Sonoma and I urge you to give this application your full and careful consideration.

Sincerely yours,

Mike Reilly  
Fifth District Supervisor
